

RENE VIVIANI IN SPOTLIGHT

Administration's Attention Must Be Diverted.

FOREIGN AFFAIRS TO DEMAND ATTENTION

To Exclusion of Domestic Problems This Week.

Visit of Former French Premier to United States Awakens Deep Interest in Washington—Mission in Doubt.

Washington, March 21.—Reluctant or not, the attention of the Harding administration will be dragged away from the things domestic this week and turned to the biggest place of unfinished business by the old regime—the league of nations and the adoption of an European policy. The arrival of Rene Viviani, the former French premier, is going to take the spotlight, temporarily at least, from taxation, tariff, patronage and the thousand and one other things that have kept the new president and his advisers laboring many hours a day, since March 4.

Viviani is coming to the United States in the dark, as far as knowing in advance what he may expect from the new administration. And the new administration is almost as completely in the dark concerning M. Viviani. Jules J. Jusserand, the French ambassador, it is true, conferred at the White House with president Harding concerning the extraordinary envoy's mission, but it is understood he was able to inform the executive but little, outside of the fact that the ex-premier was coming to "pay his respects."

That M. Viviani's chief mission concerns the league of nations and America's attitude towards it, there is little doubt. Aside from this, it is the general conviction that the ex-premier's next big task is to obtain the moral support of the United States in the efforts now being made by France and England to compel Germany to pay the indemnity claims.

The French View. France believes, whether rightly or wrongly, that if the United States had ratified the treaty and joined the league, Germany never would have dared refuse the demands of the allies in the reparations settlement. Even now, France believes, according to information reaching a number of Republican senators, that if Washington can be prevailed upon to say something or do something that will show Germany the United States is still back of the allies, the right-about-face of the Berlin government will be swift and certain.

This indication of American support could be given in various ways—a presidential letter to the chairman of the senate committee on foreign relations, a senate resolution, a White House communication abroad, or by a mere announcement in the press, following the Harding-Viviani conference.

With Suspicion. While Paris has seen fit to issue equivocal denials that M. Viviani's visit in any way concerns the \$3,000,000,000 which France owes the United States, it is nevertheless considered certain in Washington that this debt problem will be taken up. It is closely allied, in the French mind, with the reparations settlement. Until Germany is forced to pay, France cannot reduce her debt to the United States, according to the French attitude, as M. Viviani is expected to advance it. Therefore, if America wants her \$3,000,000,000, she must aid France in getting the money with which to pay it.

Republican senators, particularly such irreconcilables like Borah, of Idaho and Johnson, of California, are watching the forthcoming visit of M. Viviani with intense interest. They believe the league to be "scrambled" in its entirety, lock, stock and barrel, and they view the ex-premier's mission with suspicion and distrust. They are merely biding their time to see what the ensuing weeks bring forth. Any attempts to stir with the league will throw the whole matter into the senatorial arena once more. That much is certain.

Each Given Damaged. St. Louis, March 21.—Louisville and William N. Brally, a plaintiff and defendant, respectively, in a \$10,000 damage case in the common pleas court, each won damages after a two-day trial. Striebelch also won damages \$10,000 worth of his car, which was damaged by Brally, an underwriter. The latter filed a cross petition. The jury gave each \$1 in its verdict.

WOMAN OF MYSTERY, MYSTERY NO LONGER

Mrs. Florence H. Leeds, former stage beauty, who up to the time of her identity was known as the "Woman of Mystery" in the double divorce suit of James A. Stillman, millionaire bank president of New York. Mrs. Leeds is named by Mrs. Stillman as co-respondent in her amended answer to Mr. Stillman's divorce suit.

MATEWAN MEN ARE NOT GUILTY

Jury Returns Verdict in Trial This Morning.

DEFENDANTS ARE GIVEN LIBERTY

Are Under Bond for Appearance for Trial for Six Other Alleged Murders.

Williamson, West Virginia, March 21.—Six defendants in the fifteen defendants in the "trigger" trial were found not guilty by the jury at 11:21 this morning. Judge Bailey told the defendants to go back to the county jail, where they will be given bond for their appearance in court for the indictments for murdering six other defendants. Bailey arranged to allow the sixteen men to go back to Matewan on the noon train.

J. J. Conif, chief counsel for the defense, made this statement to the International News Service immediately after the verdict was read by the clerk of courts: "I think the result is what the public generally anticipated. It means, in my opinion, that the private guard system in West Virginia has been on trial and been condemned and the legislature now in session should take notice of this fact."

The sixteen defendants received the verdict without any show of emotion, except that Sid Hatfield, chief of police of Matewan smiled his perpetual smile.

After Judge Robert D. Bailey had told them to "go back to jail," they crowded around Conif and grasped his hand. Then, accompanied by two "double-gun" deputy sheriffs, they filed out of the courtroom where they have sat daily since January 26 and walked through lines of men and women congratulating them, across the court-house lawn to the jail. They are each under indictment on a charge of murder in six other cases, for half a dozen Baldwin-Felts detectives were killed in the Matewan gun battle in addition to Albert Felts.

"The jury has spoken," was all that Judge Bailey would say in a response to requests for a statement. John Marcum, of Huntington, West Virginia, was the only state attorney present in the courtroom when the jury filed in to announce its verdict.

He had nothing to say.

SERIOUSLY WOUNDED IN A LUDLOW FIGHT

Bartender Uses Gun on an Obstreperous Customer.

Ludlow, Kentucky, March 21.—Robert Laws, thirty-nine, Southern railway conductor, is in the hospital today, seriously wounded from being beaten and shot by Charles Terry, thirty-one, bartender at Chabert's cafe, following a fight in the cafe yesterday. Terry is in jail. Terry says Laws and a companion demanded whisky and when informed that he could get none, Laws threw a glass of mineral water, then a cuspidor, on the counter. Terry then attacked him.

CONSTANTINE TO COMMAND

Will Lead Forces in Person on Smyrna Front.

THE GREEK ARMY IS TO BE STRENGTHENED

Before King Leads It Against Turk Nationalists.

The Classes of Greek Soldiers Are Called to Colors—Athens Reports a Massacre of Christians by the Turks.

London, March 21.—King Constantine, of Greece, will soon go to the Smyrna front to take personal command of the Greek army that is fighting the Turkish Nationalists, according to an Exchange Telegraph despatch from Athens, today. The Exchange Telegraph correspondent said that announcement had been made in the Greek capital that the Greek army would be strengthened and that the king would join it.

The Greek government has begun partial mobilization of the army, giving as an excuse the reports from Smyrna that Mustafa Kemal Pasha, head of the Turkish Nationalists, is massing heavy reinforcements in front of the Greek army.

The classes of 1913, 1914 and 1915 have been called to the colors. King Constantine has issued a public statement saying it is necessary to make sacrifices to obtain peace in the Near East.

Athens reports a massacre of Christians by Turkish Nationalists at Cezira.

Leaders Executed. Stockholm, March 21.—Details of the fall of Kronstadt before the repeated onslaughts of the Bolsheviks, under command of Leon Trotsky, the Soviet war minister, have been brought here by refugees.

In the citadel, according to the refugees, some 1,700 men were left endeavoring to fight their way toward the east, and in the other fortresses approximately 1,000 were made prisoner by the Bolsheviks. All officers and leaders among the military forces and civilians were immediately picked out, and, on Trotsky's order given before the final attack, were executed.

Refugees say the insurrectionary forces were repeatedly betrayed by inhabitants sympathizing with the Bolsheviks, and small bodies of the rebels were fired on and mowed down by machine-guns in the hands of local communists. The garrison was not strong enough to rush these forces of communists and simultaneously repulse attacks from the outside.

The town of Kronstadt suffered severely. At the beginning of the retreat by the insurrectionists his fires were burning in five places, but by Friday no smoke or fire could be seen.

INVESTIGATORS ARE SEEKING A MOTIVE

Following Clues in Killing of a Massachusetts Youth.

Ayer, Massachusetts, March 21.—Police investigators today were seeking a hidden motive in the slaying of Vincent Paul Planich, nineteen, Boston university law school, by his stepfather, Eugene Drisoly, Littleton farmer. Drisoly confessed to the police that he beat his stepson over the head with an axe while the latter was asleep on a couch in Drisoly's home. Drisoly said the young man had annoyed him and threatened Mrs. Drisoly and himself. A charge made by Drisoly that the boy charged his mother from the house into the woods, was confirmed by Mrs. Drisoly. After killing the young man, Drisoly went out and hunted up a constable and gave himself up.

BEER FOR THE SICK PRESENTS PROBLEM

"Dry" Commissioner Uncertain in Regulatory Steps.

Washington, March 21.—Is four cases of beer a month too much or too little for the sick? Prohibition Commissioner Kramer is wrestling with this question. And should allow persons armed with prescriptions, be allowed to walk into drug stores, get beer and drink it on the premises? That's another phase of the new beer problem thrust upon "dry" enforcers. Kramer finds the queries for decision along with a host of others, as a result of the Palmer opinion which "scrapped" the barman's rule.

GIGANTIC TUSK OF PREHISTORIC ANIMAL UNEARTHED IN KENTUCKY

This gigantic tusk of a mastodon, or other prehistoric animal was unearthed recently at Ludlow, Kentucky. The discovery was made by workmen engaged in excavation along the Southern railroad at Ludlow. The tusk was found at a depth of thirty-five feet buried in a gravel bank. It is six feet ten inches long and at the thickest end measures 6 1/2 inches in diameter. It weighs 156 pounds and nine ounces. From what is shown in the photograph the animal possessing a pair of tusks weighing more than 300 pounds must have been of a size hitherto undreamed of. The tusk is believed to be the largest ever unearthed. No other part of the animal was found, which indicates that the tusk was undoubtedly washed there and buried in the shifting gravel bed. A smaller tusk was found in the same bed six years ago and is now in a New York museum.

HOOVER TALKS OF RUSS TRADE

Bolshevik Russia Has Little Cash or Gold.

TRADE POSSIBILITIES OF RUSSIA POOR

Declaration of the Secretary of Commerce.

Production Is Paralyzed a Long Time and Country Is Without Commodities To Barter—A Word to Business Men.

Washington, March 21.—A decidedly pessimistic viewpoint of the possibilities of trade with Bolshevik Russia were taken today by Secretary of Commerce Herbert Hoover in a public statement on Russian conditions.

Russian trade would be of but little value, Hoover said, because the Russians have nothing to offer. Their production has been paralyzed so that they have few commodities to offer the world and their cash assets—consisting of gold, platinum and jewelry—are so small that there would be no expectation of continued trade after these had been expended.

Stories Abound.

Washington, March 21.—Stories published in Parisian newspapers to the effect that the United States owes France some 30,000,000,000 francs, dating back to the days of the American revolution, were characterized as absurd today by treasury department officials.

"A thorough search of the treasury records," said Assistant Secretary Kelly, "shows no unpaid obligations to France of any kind." Kelly is in charge of the department of foreign loans and accounts.

Signs on Action Needed.

Cambridge, March 21.—Many automobiles in this city bear cards carrying the words: "Don't shoot. We Are Not Bootleggers." This is the result of the serious shooting of Thomas McNiece, Barnevillie resident, ten days ago, when a party of city officials were seeking whisky runners who were travelling the National road. The officers, including the mayor, said they ordered McNiece to stop and, when he failed to do so, they fired.

Population of United States. Washington, March 21.—The density of population in the United States increased nearly five per cent. in the space of the last ten years, according to figures announced today, by the census bureau. In 1910, there were 92,000,000 compared with 96,900,000 in 1920 and 23 in 1900.

CHURCHILL MAY SUCCEED BONAR LAW

Bonar Law as government leader in the house of commons, were he revived, today, when it was revealed by the Daily Express that Premier Lloyd George has wired to Mr. Churchill, in Egypt, to return to England at once.

TWENTY-NINE KNOWN DEAD

As Result of Bloody Week-End in Ireland.

EXPECTED DEATH LIST WILL BE HIGHER

Sinn Feiners and Crown Forces Conceal Casualties.

Fighting Breaks Out in Dublin, Londonderry and Cork—Ambuscades Are Reported in Many Places in Ireland.

Dublin, March 21.—Twenty-nine persons are known to have been killed in the bloodiest week-end in Ireland since the present "campaign" began. It is probable the death list is much higher, since both sides—Sinn Feiners and crown forces—are concealing their casualties. It was declared in some quarters, today, that the deaths may have totaled nearly fifty. In addition to the dead, scores were injured.

Two military lorries were bombed in this city when two British soldiers were killed outright and six others were wounded. Three bystanders were wounded.

Fighting broke out between Unionists and Sinn Feiners at Londonderry, but was quelled by troops. A civilian was mysteriously shot dead in the heart of Cork.

Numerous ambuscades were reported from many districts throughout southern Ireland. Sinn Feiners and sympathizers covered many parts of Dublin with placards appealing for "support of the Irish republican army against the foreign invader." Police and soldiers were busy for hours tearing down the posters.

Mrs. Patrick Doyle, widow of one of the young Sinn Feiners executed by the British in Mount Joy prison, last Monday, died early today. She never recovered from the shock of her husband's execution.

Agred Residents Die. Woodfield, March 21.—Mr. and Mrs. C. T. Letimer, aged residents, died in their home here within twenty-four hours of each other. Both had been ill.

CABLE CASE IN THE SUPREME COURT

Washington, March 21.—The United States supreme court, today, set for argument in April the appeal of the government in the control of the Western Union Telegraph company to lay its headquarters cable at Miami, Florida. The laying of the cable has been in controversy in the courts a long time.

WOULD ADJUST LABOR DISPUTE

New Administration Takes a Friendly Hand.

SEEKING TO AVERT THREATENED STRIKE

Packers and Employees Meet Federal Officials.

Conference on Troubles in the Packing Industry Is Opened in the National Capital This Morning, Wire Says.

Washington, March 21.—The friendly office of the new administration were injected into a labor dispute for the first time, today, in an attempt to peacefully adjust the differences between the packers and their employees and to avert the strike that is threatened.

Both the packers and the employees sent their representatives here to confer with Secretary of Labor Davis.

Secretary of Commerce Hoover and Secretary of Agriculture Wallace also will sit in at the conference, as anything affecting the packing industry affects their respective departments.

The employees' interests are represented by Dennis Lane, secretary of the Meat Cutters' union, and Raymond Brennan. The packers are represented by their attorneys, Carl Mayer and James G. Condon.

After conferring with American Federation of Labor officials, Lane said the employees would stand squarely on the arbitration agreement effected during the war and which was extended a year, "after the proclamation of peace." It is the employees' contention that the packing houses have flagrantly disregarded that agreement by cutting wages, lengthening the hours of work and refusing to arbitrate. The unions contend that the country is not yet at peace.

A Court Success. Washington, March 21.—The United States supreme court, today, announced a respite from Monday, March 21, to Monday, April 11. There will be no session of the court until Friday, which is Good Friday.

GERMANS WIN A BIG VICTORY

Poles Defeated in Plebiscite in Upper Silesia.

DISTRICT TO REMAIN GERMAN TERRITORY

People Vote Against Annexation to Poland.

Disorders Are Deported from Kattowitz, Where Shooting Breaks Out During the Balloting—Voting Reports

London, March 21.—Germany will retain Upper Silesia. According to advice received here at noon, today, the plebiscite throughout Upper Silesia, Sunday, resulted as follows: For Germany—700,000 ballots; for Poland, 400,000 ballots.

It is difficult to secure detailed information out of Upper Silesia, as the allied military and plebiscite authorities have ordered the telegraph and telephone sealed up until noon Monday, except for certain censored despatches.

The International News Service correspondent in Upper Silesia succeeded in getting information out by having it taken to Breslau, from Kattowitz, by courier. From Breslau, it was telephoned to Berlin. The correspondent reported that gunfire was heard at certain points near the Polish frontier for some time, Saturday night.

At 9 o'clock, Saturday night, General Lerscheid, the French commissioner at Kattowitz, ordered the newspaper correspondents to board the sleeping cars of a special train, to be taken to Oppeln. Many of the correspondents could not be found, as General Lerscheid then countermanded his original order and issued a new one to deport all the correspondents. Sunday morning the Anglo-American correspondents made such vigorous protest it was cancelled.

In Two Districts. Berlin, March 21.—Although the German press claimed overwhelming victory for Germany in the Upper Silesia plebiscite, official advice received during the course of the day showed that the Poles were successful in some districts. The German office conceded Polish victories over the Germans in the Pleas and Hybnik district. In the southern part of Upper Silesia, the plebiscite commission, which had made a careful study of racial conditions, had previously forecast a Polish victory in these areas.

German Wins. Berlin, March 21.—The Germans won an overwhelming victory over the Poles in the plebiscite in Upper Silesia. Sunday and Upper Silesia will remain German territory instead of being annexed to Poland, according to early returns received here, early this morning. Disorders were reported from Kattowitz, where shooting broke out during the balloting.

The trend was shown by the following returns from various cities in the plebiscite zone: Beuthen—Seventy-eight per cent. of the vote German. Tarnowitz—Eighty-five per cent. of the vote German. Kreuzberg—Ninety-five per cent. of the vote German. Kattowitz—Eighty-two per cent. of the vote German.

Oppeln reported 31,000 votes cast, of which 20,000 were in favor of the Germans and 11,000 in favor of the Poles. At Koenigsbath 50,000 votes were cast, 22,000 being in favor of the Germans, 18,000 in favor of the Poles.

There was a heavy vote throughout Upper Silesia, said a despatch to the Lokal Anzeiger from Oppeln, timed midnight. The whole plebiscite was reported quiet, except as Kattowitz, where shooting occurred. No details are available yet. There was an exceptionally heavy vote in favor of Germany at Kattowitz, where the Poles are said to have only five per cent. of the total vote cast.

Upper Silesia was under patrol by British, French and Italian troops during the balloting.

Germany claims that the retention of this rich coal and ore producing province was a vital necessity to the industrial life of the nation. The Germans declared that if Upper Silesia were lost, Germany would become a second, or maybe a third, class power.

At Kattowitz. The fighting at Kattowitz was between British and French soldiers, according to the version contained in a despatch to the Montagu Post. "English and French troops de-

BRITISH COMMONS LEADER LAW RESIGNS

Andrew Bonar Law, British cabinet member and government leader in the house of commons, has resigned, according to a cable despatch from London. His health was given as the reason for his resignation. The announcement was made in commons by Premier Lloyd George. Andrew Bonar Law has long been prominent in British politics. He has been the government leader in the house of commons since 1910 and represented the British government at the peace conference in Paris in 1919. He was born in Brimsfield, Canada, in 1858, and received his education there and in the Glasgow high school.

He was in a brawl at Kattowitz. The trouble is alleged to have resulted from the action of the English in reproaching the French for not surrendering Poles who were creating disturbances.

"The German victory was overwhelming," said a despatch to the Tagesschau. "There was a safe German margin even at Kattowitz, which was regarded as doubtful by some observers."

The Tagesschau claimed a German victory in the "Pleas-Hybnik" district, which the international commission had regarded as completely Polish in sentiment and nationality.

According to the Tagesschau, correspondent, Italian forces closed the polls in the Hybnik district, alleging that fraud had been committed. Only the Polish ballots were given out, it was declared.

ANTI-TOBACCO DRIVE PLANNED

W. C. T. U. Outlines Campaign To Cover Country.

CRUSADE TO START IN ILLINOIS APRIL 3

Campaign Is Also To Be Directed Against Sunday Amusements of All Sorts.

Evanston, Illinois, March 21.—A nation-wide campaign for strict observance of the Sabbath and a deterred drive against "My Lady Nicotine" are to be launched, April 3, by the W. C. T. U., according to an announcement made at the national headquarters of the organization here.

Preliminary work of the campaign already is under way. Appeals will be sent broadcast through the nation urging people to go to church, Sunday, April 3. This will be followed by a week of prayer and Sunday, April 10, will be nationally observed as anti-tobacco Sunday. A nation-wide anti-tobacco crusade will follow.

Among the things that will be attacked in the campaign for Sunday observance are golf, automobile racing, picnics, dancing and theaters. Literature announcing the campaign and urging cooperation of churches, Sunday-schools and schools already is being prepared and sent out. A statement, published in the current issue of the Union Signal, official organ of the W. C. T. U., declares that 150,000 cadets are employed on golf links of the nation, Sundays, when they should be in Sunday-school. Four hundred thousand people work Sundays, who should not be required to do so.

March March. New York, March 21.—After developing a steady tone at the opening today, the stock market was subjected to pressures and many issues traded from fractions to two points.

A WEEK OF SADNESS AND OF AUSTERITY

How Holy Week Will Be Observed in Marion.

The whole of this week will be austerly, sadness and sorrow. It is Holy week. The churches, in figurative sack cloth and ashes, with muffled chimneys and on bended knees, will follow the tragic faith of Jesus Christ this week which culminates Friday in the Crucifixion.

In Lutheran, Episcopal and Catholic churches there are special services on Friday and in practically all Christian churches special services of a general character throughout the week. The Catholic church observes Thursday Maundy or Holy Thursday, by blessing material to be used throughout the year in the various services and on Friday goes into mourning for Christ.

The way of the cross is traversed again Friday afternoon and there are special services Saturday morning. On Sunday the church will remove the covering from statues and pictures.

RECOGNIZES HIS OWN COMPOSITION BY WIRELESS

Novel Experience of Homer John Cleary, of Marion.

Homer John Cleary, a senior in Dartmouth college, had his musical ability recognized last week, when a test of the wireless telephone was made at the University of Pennsylvania. A musical program was rendered and people of different cities "listened in."

One of the songs, "A Bad, Bad Past," was distinctly heard and recognized at Dartmouth College, Hanover, New Hampshire. This piece composed by Homer John Cleary was made popular by the college play of "Rise, Please!" which was given by the Dramatic Club during the carnival at Dartmouth last month.

19 places where sediment damages your engine

RIGHT after overhauling, or when you first use the new car she's as smooth as oiled silk. How long will it be until the power begins to go bad, the engine knocks now and again, bucks when you throttle down, overheats on a hard pull?

Such premature troubles have a cause. Under the intense heat of your engine—200° to 1000° F.—ordinary oil forms black sediment. Sediment damages vital parts. See the long list—19—shown above.

Treat your engine fairly. Let the parts keep smooth and bright. Over a million motorists keep their engines running smoothly by using Vedol, the lubricant that resists heat.

Sediment is reduced 86% when you use Vedol. With Vedol in your engine costly replacements, bearing wear, valve troubles, are all held down to minimum. Have your engine flushed out to cleanse it of grit, sediment and thickened oil. Put in Vedol. Leading dealers have it in stock. Ask today for a supply of Vedol.

Vedol lubricants for every part of the car

Use Vedol lubricants for all parts of the car: VEEDOL for the engine (oil, grease, motor, heavy, extra heavy); for the chassis and transmission, VEEDOL TRANSGEAR OIL or GREASE COMPOUND; for the brakes and truck, WOOD DRIVE OIL; CHAMPION GREASE, CUP GREASE.

The Worst Thing for "Baby Chicks" is Cold Wet Weather

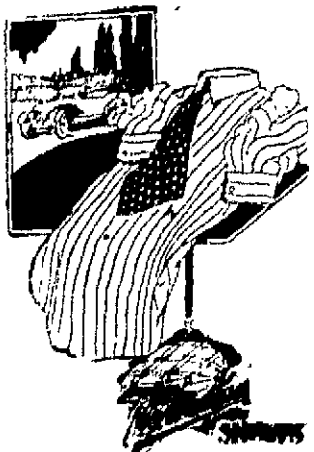

A recent fact—your little chick is without clothing—plenty of air
circulation—the essential condition necessary to successfully
raise chicks. The experienced poultry man knows that the
number of chicks which may be successfully raised in one flock
depends directly upon these conditions, and to make them
possible a solution exists between the size of the brooder; size of
the house and the number of chicks.

The **Brooding On** Brooder is put up in two sizes
and meets all the conditions necessary to successfully caring for
young chicks.

HARDING HIGH CAGEMEN LOSERS AT CAMBRIDGE

But They Run Up Highest Score of Season.

Saturday night at Cambridge, the Harding High five ran up the highest score that has been made this season on the fast Cambridge team on the Southwestern home floor. In fact, the Marlonites did all but beat their opponents, the score being thirty-six to thirty-two. The locals were somewhat hindered by the strangeness of the floor, but they soon tightened up in excellent manner and gave their opponents a merry battle. The score at the end of the half was sixteen to thirteen in Cambridge's favor.

In the last half the Marlonites came back exceedingly strong and out-paced their opponents, but, due to failure to spot the basket and to several hard luck shots, the locals were unable to take the lead. On the other hand, the Cambridge outfit, when forced to resort to long shots, proved itself very successful. At any rate, the Marlonites had their opponents worried and Cambridge, with a sign of relief, welcomed the firing of the gun which left them four points in the lead.

All the Marlonites played excellent ball and the scoring was also equally divided. Morgan and Ward played best for the victors.

OHIO STATE UNIVERSITY GLEE CLUB IS COMING

First Stop on Extensive Spring Tour March 28.

Marion is to be the first stop on the annual spring tour of the Ohio State University Glee club. It will present a recital and musical play here, Monday, March 28. The concert will be given at the department school auditorium.

The leader of the college organization is Professor Karl H. Hering whose splendid work as director and soloist of the Columbus Republican Glee club will be remembered by Marlonites. He was forced to respond to several entreaties at the Harding front porch during the recent campaign.

Due in a large measure to his work the Ohio State organization is said to be one of the best in this part of the country. An extensive spring tour is to be taken.

The entertainment will be divided among classical, popular and instrumental numbers, a professional college orchestra taking a prominent part. The latter part will be in the form of a musical show.

Which Side of the Street Are You On?

"The Men's Store"

THE other day, two men were walking by our store, on the opposite side of the street—in front of our Mr. Kleinmaier.

Looking over at our windows one man said, "Nice looking store—I wonder what kind of a business they do?"

Replied his companion, "Well, if they are not doing the business of the town—it's a funny thing—for they are selling the finest clothes in the city—and they don't ask for your heart—when you ask for the price."

We've received lots of compliments before—but this one hits the spot—because it's true.

We certainly are doing the business of the town and it's the completeness of our stocks and the newness of our styles and the smartness of our patterns and the fairness of our prices that's doing it.

If you are not trading on our side of the street, dear reader, come across—and watch us come across with the Values.

MARION BRIDE OF LAST CHRISTMAS DEFENDANT

Swartz, Wyandot County Sheriff, Names Prisoner.

ROBERT DUVALL, TOLEDO, CONVICTED OF BURGLARY

Sheriff Says His Wife Is Formerly Mrs. Sue Ash, of This City.

Charging that with center in Toledo, Robert Duvall, of Toledo, recently convicted of burglary in the Wyandot county common pleas court, to escape from the county jail and that she has been interfering with the duties of a law-abiding citizen, the freedom of a residence portion of the county in Sheriff John H. Swartz of Wyandot county, has filed in the common pleas court in Upper Sandusky, suit for divorce from Sue Swartz, former Mrs. Susan Ash, of Marion. They were married in Marion, December 25, 1920. Extreme cruelty and gross neglect of duty are charged.

The sheriff charges Duvall, in 1921, his wife threatened him with bodily injury and March 18, 1921, attempted to injure him with butcher knife.

Pretty Soft, Too? The sheriff also charges that while he was away attending to his official duties his wife would allow the prisoners to have the freedom and privileges of the residence portion of the jail, at which time she was in company with the prisoner, Duvall. He also charges he found his wife and the prisoner, Duvall, together in the residence portion of the jail the night of March 12, 1921, and that the defendant has told him she thinks more of Duvall than she does of the plaintiff.

Sheriff Swartz further charges that his wife took a large revolver, taken from another prisoner, and secreted it in a place in the jail where Duvall could easily procure it. He said that, in company with his deputy, he made a search of the jail and found the revolver. The sheriff states that he can not properly discharge his duties as sheriff while the defendant is living in the county jail.

THE RAILROADS

With a view of showing the necessity of retrenchment to make the earnings meet the expenses, the Pennsylvania has issued bulletins to give some idea of the decrease in business of the company. The average number of freight cars dispatched daily is one of the best indications of railroad business. From October to March 1, the average number daily on the road dropped more than twenty-nine per cent.

February 28 there were \$9,258 idle freight cars on the Pennsylvania system. All of the railroads are feeling the pinch of world-wide business depression. The latest reports show 392,650 idle freight cars in the country.

The matter of the great need in China was represented at the meeting, and President W. G. Harding's call to the American people was read and those present voted unanimously to take up this work through the sale of seals.

Mrs. W. N. Harder was elected chairman and Mrs. Frank Lust secretary of the campaign, which is to last all through holy week. Mrs. W. D. Clark, who is in charge of posters, publicity literature and seals, gave out the whole quota of seals, each society taking its share. Ten thousand seals were given out and these will be sold for three cents each. However, it is hoped there will be many gifts in addition to the sale of seals. The returns are to be made to Mrs. W. D. WESTERN UNION IS EXTENDING ITS LINES

Twelve New Lines from Marion for Business.

The Western Union Telegraph & Cable company is stringing twelve heavy duty wires between Marion and Bucyrus along the Short Line tracks to allow the transfer business in Marion more accommodation for New York and Chicago business.

Two new arms of six wire capacity each are being placed on the poles between Marion and Bucyrus where they will be connected with the heavy leads on the east and west circuits.

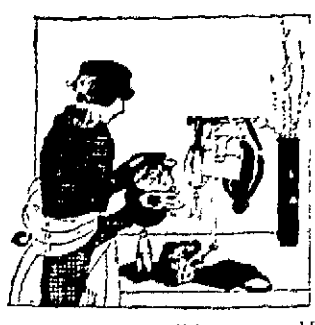

A force of probably twenty men employed in the Western Union line crew has been working on this extension for the past two weeks, and undoubtedly have been transferring and erecting new poles at the Pennsylvania station in care for the freight stations unloading platform to be built.

Whether this new line of wire will be connected with the American Telephone & Telegraph wires running north of the city or with the leads along the Pennsylvania railroad lines, is not known.

Marion has a testing station for the telegraph company, and, last summer and fall, found out just how short of adequate telegraph communication the Marion office was, when the influx of new-paper men came with the advent of a presidential candidate and the business that it made for the telegraph company.
